Plan Summary Statement

This plan summary accurately reflects the content of the toxic substance reduction plan for Ethyl Alcohol, prepared by Plastico Industries Limited and dated December 11, 2013.

Statement of Intent

Plastico Industries Limited is committed to demonstrating the highest standards of environmental management and employee safety. Ethyl Alcohol is being used by Plastico in our processes. Whenever feasible we plan to eliminate or reduce the use, creation and discharge of ethyl alcohol in full compliance with all Federal and Provincial Regulations.

Reduction Objectives

Our goal is to continue to research possible ways to reduce the use of Ethyl Alcohol at our facility.

Description of Substance

Ethyl Alcohol is an ingredient found in the adhesive used by Plastico in production.

Toxic Substance Reduction Option to be Implemented

Due to the fact that customers demand that certain materials be used in the production of their products the company is unable to commit to any of the Options that were presented throughout this plan.

However the facility will continue its endeavors to find alternate materials and methods which could eventually result in the reduction of the amount of Ethyl Alcohol being used.

Plan Certification for Ethyl Alcohol

As of December 12, 2013, I, Liam Nother certify that I have read the toxic substance reduction plan for the toxic substance referred to below and am familiar with its contents, and to my knowledge the plan is factually accurate and complies with the Toxic Reduction Act, 2009 and Ontario Regulation 455/09 (General) made under that Act.

[Ethyl Alcohol]
